INCEPTED IN 1976

100 TO 200 NEW PARTS DEVELOPED EVERY YEAR.

OVER 50 DIFFERENT MACHINING & CASTING SUPPLIERS.

As the India's leading manufacturer in equipments, services, and technology solutions, Solar Entarprise continually sets new standards for Spares for Glass Container Industries & gauges.

We are synonymous with glass container forming spares. From three decades, innovations from Solar Entarprise have continually revolutionized glass container production.

Incepted in 1976 as an international supplier Spares for Glass Container Industries & gauges. We have supported the development of the glass industry through our consistent involvement in the design and manufacturer of forming machines parts for glass products. Today, we are one of India's most well regarded manufacturers. Aside from our core business of manufacturing fully-custom made products, we are also pursuing the development of next-generation forming systems to enable more sophisticated, delicate forming. Going forward, we will continue to evolve as India's specialist in glass forming equipment manufacturer, and will continue our mission to provide our customers with the ability to realize their dreams and create a lasting impression.

SERVICES

- Part developments: For any IS machine parts our R&D team will design the drawings. Tolerances & Metallurgy will be discussed depending on the criticality of the parts and our know-how.
- Part manufacturing: Production is outsourced to one of our suppliers selected and validated as per ISO standards.
- Quality: 100% parts are inspected in our laboratory before delivery to ensure a full compliance to the drawings.

STRENGTHS

We believe in providing to our customers the best services:

- **CLOSE COLLABORATION** : Our R&D team works by our customer's side to understand their requirements and meet their expectations for any new development part.
- **FLEXIBILITY**: We have validated diversified supplier network to ensure you the possibility to manufacture all kinds of mechanical parts with quality and on-time delivery. We constantly update our supplier base to meet customer needs.
- **COST REDUCTION AND OPTIMIZATION** : Through our quality you will achieve better life of the parts and with our competitive prices you will get benefit not only in cost savings but also in a better and stabilized process (less downtime).
